

# Mini Air Hockey – Game Instruction

**Title:** Mini Air Hockey

**Category:** Indoor

**Subcategory:** Males

**Players:** 2

**Time Required:** 10–20 Minutes 

---

## Description

Mini Air Hockey is a fun tabletop version of the popular arcade game. Players compete to score goals by sliding a puck across a smooth surface into the opponent's goal area. It's a great game for improving hand-eye coordination and reflexes among boys and teens.

---

## Materials Needed

- Flat tabletop or smooth surface
  - Bottle caps or small plastic disc (puck)
  - Cardboard or folded paper (goals)
  - Two small paper or plastic sliders (mallets)
  - Tape to mark boundaries
- 

## How to Play

### Setup:

- Mark a rectangular play area on the table with tape.
- Place goals at each short end using cardboard.
- Players stand on opposite sides.

### Objective:

Slide the puck into your opponent's goal.

### Rules:

- Players use sliders to hit the puck only (no hands).
- A point is scored when the puck fully crosses into the goal.
- Restart from the center after each goal.
- First player to 5 (or any set number) wins.

---

### Tips & Variations

- Use different-sized pucks for added difficulty.
- Create a “defense line” players can’t cross.
- Time rounds to increase competitiveness.
- Decorate your own mini table and gear!
