

Flower Crown Craft – Game Instruction

Title: Flower Crown Craft

Category: Outdoor

Subcategory: Females

Players: 1+ players

Time Required: 20–30 minutes

Description

A dreamy and hands-on activity where girls create beautiful flower crowns using real or artificial flowers — perfect for pretend princesses, fairies, or festival queens.

Materials Needed

- Real or faux flowers (petals, stems, leaves)
 - Floral wire or pipe cleaners (child-safe)
 - Green floral tape or ribbon
 - Scissors (with adult supervision if needed)
 - Optional: beads, glitter glue, or lace for extra flair
-

How to Play

- Help each child shape floral wire into a head-sized circle.
 - Wrap tape or ribbon around the wire for a soft base.
 - One by one, attach flowers, leaves, and decorations using tape or by twisting stems gently.
 - Try different styles — full circle crowns, side accents, or tiara-like designs.
 - Once complete, let each player wear their crown and pose like royalty or fairies.
-

Tips & Variations

- Assign fairy names like “Princess Blossom” or “Daisy Dreamer.”
- Host a garden fashion show or photo session after crafting.
- Let each crown tell a story — colors can represent seasons or magical powers.
- Offer calming music and light snacks for a full fairy garden experience.
