 - Butterfly nets or soft fabric wands
 - String or tape (to attach butterflies in trees or bushes)

-

How to Play

- Hide or hang butterflies around the garden or play area.
 - Give each player a net or let them use their hands gently.
 - On “go,” players run to catch as many butterflies as they can.
 - Some butterflies can be worth special points if they’re glittery or rare!
 - At the end, count how many butterflies each player has gathered.
-

Tips & Variations

- Add a fairy theme: players can be butterfly fairies on a mission.
- Use butterfly stickers as prizes or “flutter coins.”
- Play soft nature sounds or forest music in the background.
- Assign colors — “Find only pink butterflies” or “Golden wings are bonus!”
- Host a final parade where players show off their butterfly collection.
