

# Archery Target Shoot – Game Instruction

**Title:** Archery Target Shoot

**Category:** Outdoor

**Subcategory:** Males

**Players:** 1+ players

**Time Required:** 15–30 minutes

---

## Description

Test your focus and aim by shooting arrows at a target from a safe distance using proper archery gear.

---

## Materials Needed

- Bows and arrows (plastic or real, based on age group)
  - Archery target (or DIY target with scoring rings)
  - Safety gear (arm guards, finger tabs, etc.)
  - Clearly marked shooting line
- 

## How to Play

- Set up the target at a safe distance from the shooting line.
  - One player shoots 3–5 arrows per round while others stand behind the line.
  - Each arrow that hits the target scores points based on how close it lands to the center.
  - Rotate turns between players and keep track of scores.
  - Player with the highest total score after a set number of rounds wins.
- 

## Tips & Variations

- Use suction cup arrows or foam tips for younger kids.
- Add challenges like shooting blindfolded (older players) or with one hand.
- Create themed targets (e.g., balloons, animal cutouts, colored zones).
